Welcome to the I-Net - ICAHN online dashboard for healthcare education!

This dashboard will let you access select Hometown Health University (HTHU) on-line education programs at a special discount. Gold and Silver i-Net members save even more! Through this partnership, you will have the opportunity to receive a facility discount on select Hometown Health University courses that have been specially chosen to meet rural hospital needs, including programs and certifications on business office education, CMS updates, and HIPAA regulations.

Contact i-Net for membership options and to receive your promotional code which grants you access to each course and saves you valuable dollars in enrollment expenses.
