Springfield Region HCC CPGs (IL)

2. Recommendations sorted by Function Report

The **Recommendations sorted by Function Report** shows the ASPR/CDC priority recommendation for each Function sorted by Capability and Function.

Note that the priority recommendations are based on a formula combining the Function Current Status and Function Importance as self-reported by the jurisdiction in the CPG template. These recommendations are for planning purposes only and there may be other factors which might impact the actual priority.

Springfield Region HCC CPGs (IL)

Recommendation Key:	Very High Priority	High Priority	Medium Priority	Low Priority	Sustain	No Recommendation

Capability 1: Healthcare System Preparedness	**Function Importance**	**Function Current Status**	**Recommendation**
1. Develop, refine, or sustain Healthcare Coalitions	4. Highly important	4. Significant ability	Build
2. Coordinate healthcare planning to prepare the healthcare system for a disaster	5. Critical	4. Significant ability	Build
3. Identify and prioritize essential healthcare assets and services	4. Highly important	4. Significant ability	Build
4. Determine gaps in the healthcare preparedness and identify resources for mitigation of these gaps	4. Highly important	4. Significant ability	Build
5. Coordinate training to assist healthcare responders to develop the necessary skills in order to respond	4. Highly important	4. Significant ability	Build
6. Improve healthcare response capabilities through coordinated exercise and evaluation	4. Highly important	3. Some ability	Build
7. Coordinate with planning for at-risk individuals and those with special medical needs	3. Important	3. Some ability	Build
Capability 2: Healthcare System Recovery	**Function Importance**	**Function Current Status**	**Recommendation**
1. Develop recovery processes for the healthcare delivery system	4. Highly important	3. Some ability	Build
2. Assist healthcare organizations to implement Continuity of Operations (COOP)	5. Critical	3. Some ability	Build
Capability 3: Emergency Operations Coordination	**Function Importance**	**Function Current Status**	**Recommendation**
1. Healthcare organization multi-agency representation and coordination with emergency operations	4. Highly important	4. Significant ability	Build
2. Assess and notify stakeholders of healthcare delivery status	4. Highly important	4. Significant ability	Build
3. Support healthcare response efforts through coordination of resources	4. Highly important	4. Significant ability	Build
4. Demobilize and evaluate healthcare operations	4. Highly important	4. Significant ability	Build
Capability 5: Fatality Management	**Function Importance**	**Function Current Status**	**Recommendation**
1. Coordinate surges of deaths and human remains at healthcare organizations with community fatality management operations	4. Highly important	4. Significant ability	Build
2. Coordinate surges of concerned citizens with community agencies responsible for family assistance	4. Highly important	3. Some ability	Build
3. Mental/behavioral support at the healthcare organization level	3. Important	3. Some ability	Build
Capability 6: Information Sharing	**Function Importance**	**Function Current Status**	**Recommendation**
1. Provide healthcare situational awareness that contributes to the incident common operating picture	4. Highly important	4. Significant ability	Build
2. Develop, refine, and sustain redundant, interoperable communication systems	5. Critical	4. Significant ability	Build
Capability 10: Medical Surge	**Function Importance**	**Function Current Status**	**Recommendation**
1. The Healthcare Coalition assists with the coordination of the healthcare organization response during incidents that require medical surge	5. Critical	4. Significant ability	Build

Springfield Region HCC CPGs (IL)

	Function Importance	Function Current Status	Recommendation
2. Coordinate integrated healthcare surge operations with pre-hospital Emergency Medical Services (EMS) operations	4. Highly important	4. Significant ability	Build
3. Assist healthcare organizations with surge capacity and capability	4. Highly important	4. Significant ability	Build
4. Develop Crisis Standards of Care guidance	4. Highly important	4. Significant ability	Build
5. Provide assistance to healthcare organizations regarding evacuation and shelter in place operations	4. Highly important	4. Significant ability	Build
Capability 14: Responder Safety and Health	**Function Importance**	**Function Current Status**	**Recommendation**
1. Assist healthcare organizations with additional pharmaceutical protection for healthcare workers	4. Highly important	4. Significant ability	Build
2. Provide assistance to healthcare organizations with access to additional Personal Protective Equipment (PPE) for healthcare workers during response	5. Critical	4. Significant ability	Build
Capability 15: Volunteer Management	**Function Importance**	**Function Current Status**	**Recommendation**
1. Participate with volunteer planning processes to determine the need for volunteers in healthcare organizations	3. Important	3. Some ability	Build
2. Volunteer notification for healthcare response needs	3. Important	3. Some ability	Build
3. Organization and assignment of volunteers	3. Important	3. Some ability	Build
4. Coordinate the demobilization of volunteers	3. Important	3. Some ability	Build
