- *[Check out](#) ICAHN's updated stroke materials request form under "Order Form"*
- *Check out more AHA Smoking Cessation Resources on [ICAHN's Stroke Library](#) under "Education"*

QUIT SMOKING RESOURCES

The Respiratory Health Association has developed [print materials](#) to assist and motivate individuals who are thinking about quitting smoking. These materials are appropriate for distribution in a variety of settings, including health systems, social service organizations, community-based organizations, and in the workplace. If you are looking for quit smoking information for patients, clients, or employees, read more about the print materials that are available for purchase by [clicking here](#).

AHA TEAM TRAINING

TeamSTEPPS® available from AHA Team Training

Registration Open – “Building a Culture of Respect...”

[Register for this month's webinar](#) to hear Bettina Siewert, MD and Suzanne Swedeen RN, MSN from Beth Israel Deaconess Medical Center discuss the impact of disrespectful work environments in health care, explore frequently experienced disrespectful behaviors in the workplace, as well as behaviors that are seen as respectful and share measures for building a strong culture of respect.

**Wednesday
May 8, 2019**

12:00-1:00 PM CT
