Ready to recover lost revenue and maximize payer reimbursements?

You sit across the negotiating table from well-capitalized payers. You're squeezed between limited reimbursements and rising costs.

We'll equip you with the data you need to negotiate more favorable, more fair agreements. We'll review transactions and document the patterns of late or inaccurate payments.

Managed Care Partners works only for our providers, *never* payers. We're your outsourced managed care department, here to help you increase profitability, reduce administrative burden, and increase market share.

Speaker Biographies

Rob Thompson, known as "The Funny Magic Guy," has been featured in corporate events, theaters, and festivals across the nation. Having performed more than 200 shows, Rob has honed his skills to a level of perfection that is both mystifying and entertaining. He is an "awe-inspiring magician with a sense of comedy that will delight any audience." – ***Entertainment sponsored by O'Shea Builders***

Brian "Fox" Ellis has been a full-time storyteller, historian, and Lincoln scholar for more than 40 years. He has been performing as William Herndon for more than a dozen years and portrays several friends of Lincoln, with more than 100 shows each year in Springfield. Fox is also a museum consultant who has worked with The Field Museum and the Abraham Lincoln Presidential Library. He is the artistic director for Prairie Folklore Theatre, a unique theatre company that celebrates ecology and history through original musical theatre. Fox is the author of more than 20 books, including the critically acclaimed *Learning From the Land: Teaching Ecology Through Stories and Activities* and *The Web at Dragonfly Pond*.

Speaker Biographies

PHARM D | LIVE®

PharmD Live® Reduces Admissions, Increases CMS Revenue

When patients return to your hospital within 30 days of discharge, CMS penalizes you on Medicare reimbursements*. Reverse the trend and have dollars coming through the revolving doors in your favor.

Learn more about PharmD Live in **ICAHN's 2021 Telehealth Informational Directory** or look us up online at **pharmdlive.com**.

Our pharmacist-led solutions for Critical Access Hospitals improve financial outcomes for hospitals and health outcomes for patients resulting in increased HCAHPS Scores, Medicare STAR Ratings, and HEDIS measures.

PharmD Live telehealth solutions identify patients most at-risk for readmission. Patients are proactively engaged, custom interventions are prioritized, which improves continuity of care.

PharmD Live is the only telehealth company in the nation using clinical pharmacists to deliver care because of their knowledge of disease states and expertise in medication management. With 48% of readmissions tied to adverse drug reactions, our board-certified pharmacists make the ideal care coordinator for Medicare patients.

FIFTY YEARS OF

Building Leaders | Transforming Hospitals | Improving Care

EXECUTIVE & INTERIM RECRUITMENT

Think beyond executive exits for your interim leader needs. Are you preparing for market expansion? Rewriting physician contracts? Transitioning to a new EHR platform? Need to rein in OR costs? Or get your revenue cycle back on track? There's an interim leader for that—and finding the skillset that matches your hospital's needs is easier than you may think.

Mike Lieb, vice president for HealthTechS³, maintains the relationship with our active interims. "We can have someone on site within 10 days to two weeks. It's quick, it's detailed, and you get the right match to your specific needs."

Care Coordination Certification Course

Nurses and Primary Clinical Staff: Have you been tasked with care coordination at your hospital? Are you wondering what to do first? ICAHN's self-paced, care coordination certification course can help – AND – you can earn 20 Continuing Education credits in the process! Partial scholarships are also available for ICAHN member hospitals...***Want to learn more?***

This course is designed to provide health professionals with the opportunity to improve care coordination for patients with chronic conditions and behavioral health issues, as well as incorporate health promotion into their practice.

The education in this course is developed based on the *"Seven Domains of Care Coordination in the Primary Care Setting"* by Kristy Baker, APRN-CNP, a Duke-Johnson & Johnson Nurse Leadership Program Fellow. The course is divided into 10 modules and will be delivered in a virtual environment using a combination of pre-recorded didactic presentations, asynchronous discussion threads, and a virtual meeting space for a live monthly discussion with the instructors.

Objectives for the course include, but are not limited to:

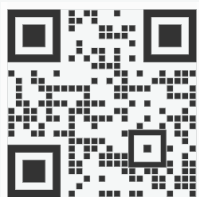

- Developing patient-centered goals for effective self-management
- Identifying appropriate community resources to incorporate into patients' care plan
- Conducting an annual wellness visit
- Analyzing research to incorporate into practice

Participants can earn 20 continuing education credits through HealthTech S3, and a certificate of completion will be provided upon successful completion.

Cost for ICAHN member hospitals is \$150 per individual. Partial scholarships are available for ICAHN member critical access hospitals. Interested individuals can sign up any time during the year. The recommended timeline for this course is approximately 16 weeks, with access to the course for up to a year.
