

IRCCO Presents:

# DATA MANIA

A four-part webinar series dedicated to understanding & utilizing healthcare data to your advantage

April 10 • April 24 • May 8 • May 29

*Still not sure how all of these data reports make a difference for the ACO? The IRCCO team is offering extended education on the importance of understanding and utilizing data in this four-part webinar series. They will provide tools to turn data into action items to help achieve organizational goals, such as maintaining or increasing your market share, as well as understanding your specific patient population health and educational needs. Each webinar will tackle a different aspect of the data reports.*

Featured Webinars: 12-1 pm
