ICAHN, along with our business partner Pinnacle Healthcare Consulting, is pleased to present PHC's "Fair Market Value Consulting Guide" as part of an educational webinar for members on Thursday, July 15 from 11 a.m. to noon. Speakers include Clayton Northrop, Manager; Robert Thorn, Director; and Kevin Newingham, Director, all with PHC.

Discussion within this program will focus on PHC's Fair Market Value Consulting Guide, along with its supporting data and tools – all of which are designed to help healthcare organizations simplify the process of managing provider contracting arrangements.

The Fair Market Value Consulting Guide provides users with unlimited access to compensation information on over 100 physician and non-physician specialties, profiling both employed and independent contractor perspectives.

The information provided in the FMV Guide is backed by Pinnacle Healthcare Consulting's third-party opinion and supports documentation of FMV payments under multiple rate structures. Additionally, the guide includes local market adjustments.
