

Swing Bed Nursing & Therapy Documentation: The Good, the Bad, and What Gets Reviewed

WEBINAR/EVENT: Thursday, July 8th 2021, Noon to 2 pm CST

TARGET AUDIENCE: Swing Bed Rehabilitation Practitioners, Swing Bed Nursing Leaders, Compliance Leaders and Quality Departments

Join us for an interactive review of Nursing and Rehabilitation rules as they pertain to Swing Beds. This webinar will cover documentation issues targeted in reviews as well as expected CMS review of swing bed programs ramping up in 2021. Setting up a self-audit process will be key to survey/review survival and examples will be provided.

OBJECTIVES:

- Review CMS directives for skilled services in a swing bed setting
- Learn current review and audits of swing bed programs
- Address Medicare intent in therapy and nursing documentation

[REGISTRATION LINK](#)

We suggest that each hospital have both Nursing and Rehab in the same viewing room and have a representative Swing Bed patient chart available to review and discuss during the webinar.

FOR MORE INFORMATION

Contact Laura Fischer, Flex Grant Project Manager at lfischer@icahn.org if you have any questions.

FEATURED SPEAKER

Kerry Dunning, MHA, MSH, CPAR, RAC-CT, is a 20 year veteran in health care consulting and over 30 years in the industry. She specializes in the post-acute market working with hospital based skilled nursing and swing bed programs, critical access hospitals, inpatient/outpatient rehab programs and rural health care systems. Ms. Dunning leads workshops and webinars regarding Medicare, skilled nursing (including MDS), swing bed programming and reimbursement cycle improvement.
