

The 'Ins & Outs' of Peer Review and Credentialing

Presented in webinar format

Wednesday, June 29 from 1 to 2 pm CST

Health Management Associates (HMA) has successfully tackled a wide variety of healthcare issues working directly with federal, state, and local government agencies, health systems, health plans, providers, foundations, investors, and community organizations, to effect change.

During this webinar, Dr. Jay Shannon, Principal, HMA, will offer insights into peer review and credentialing, focusing on the following objectives:

- *Understand what a medical provider peer review program entails*
- *Enumerate the steps to credential new providers vs. recredentialing current providers*
- *Compare the process of credentialing physicians vs. Advanced Practice Providers*
- *How to embed qualitative and quantitative data into determining general competency and also, when adding new practice areas and procedures*
- *Learn ways to build performance improvement initiatives into the credentialing process*

JAY SHANNON, MD
